What activities or cave trips would you like to go on?

---

The Pittsburgh Grotto is dedicated to the exploration, study, documentation, conservation, and aesthetic appreciation of caves, karst features, and their related flora and fauna. We utilize proven safe techniques, and ecologically sensitive practices. We promote fellowship among like-minded individuals, and education towards the general public. We promote reasonable public access that enables these goals while protecting karst resources in an environmentally sensitive manner.

The Pittsburgh Grotto will strive to provide a safe environment for the physical and emotional well-being of all children participating in grotto activities. All children attending grotto activities must be, at all times, under the immediate care and supervision of a parent, immediate adult family member, or otherwise verifiable parent-approved adult supervision.

Good conduct is expected of members. Membership may be refused /revoked for: Sexual harassment or predation; Behavior detrimental to the health, welfare, and safety of self or others; Actions against our stated goals; Serious criminal offenses.

The Pittsburgh Grotto does not discriminate based on race, ethnicity, national origin, gender or orientation, religion, political affiliation, or physical disability. The same is expected of all members in good standing.
